

House Points App

OVERVIEW

Powered by LiveSchool

Get Your Team *Excited!*

Ready to share House Points with your school? Start with our House Points Video.

Talk as a leadership team about how you will plan and lead your system:

- Who will be the main point person or people?
- Will a committee help plan House Points?
- Can you incorporate student input into your plan?

Once your team is excited, it's time to plan your House Points competition!

Record House Points from Any Device!

LiveSchool's intuitive app makes it easy to award points to your Houses anywhere in the building! Teachers will be able to pull up House Points totals to reinforce your competition with students!

It's Time to Plan!

A little bit of planning goes a long way when launching your House Points competition! You'll want to think about a few topics:

1

Create Your Houses

How will you set up your Houses? You can divide students by grade or homeroom - or use blended school-wide Houses, like in Harry Potter!

2

Do Demerits Subtract?

You get to decide if students will lose House Points for negative behavior. Don't worry, negatives will be kept anonymous on the House Points dashboard!

3

Pick a Start Date!

You get to decide when House Points will start adding up. You can reset this date as often as you want throughout the year!

How to name your houses

Naming your Houses is one of the most fun parts of launching a House Points system!

Will you go creative, or traditional?
Will you use college names?
What color will each House be?
Gryffindor and Slytherin, anyone?!

Whatever route you choose, be sure to **engage students in the process!**

Create an amazing reward

A single House reward can create a fierce friendly competition!

Need ideas? Think pizza, dance, & movie parties, privileges like extra recess, snacks, or a faculty-student sports match.

Create a positive House Culture!
